December 28th. 1938

P.D. Carey, Esq.,

A Cara,

I am grateful for your letter dated December 25th containing particulars of the Glasgow Anti-Partition group, of the progress you have made to date and of your future programme. I was very glad to learn of the Glasgow Demonstration planned for January 29th 1939 and I am sure that our Provisional Executive will readily comply with your suggestion as to the sending of greetings by telegraph from London.

I propose to submit your letter to our Publicity Committee & our Finance and General Purposes Committee both of which are meeting on Friday next December 30th. After these meetings I shall be better able to give you an idea of our plans for the organisation of a vigorous Anti-Partition Movement in the London area and to put forward proposals for close co-operation between our respective Councils.

Meanwhile, our Provisional Executive desire me to convey best wishes for the success of your Council's activities in Glasgow and in response to your kind greetings I would like to add my personal wish to you for a Bright and Prosperous New Year.

Is mise,

Hon. Secretary of the
Anti-Partition of Ireland League
